SoundBits “Screams & Shouts 2 - Monsters“ description:

The "Screams & Shouts 2 – Monsters" sound effects library brings you over 940 shouts of pain and death, disturbing roars plus grunts of anger, struggle and attack from several monsters and zombies.
Additionally you get over 250 clean untreated vocalized human monster sound to create your own designed monsters with it.
This is the go-to sound effects library to give your monsters an unpleasantly threatening, disgustingly haunting and ferocious voice
All sounds have been edited precisely and cut clean for instant use in your projects. These sounds fit very well in any scifi, horror, action, fighting or fantasy game, movie or any other audio-visual production.

All sounds are delivered as BWF tagged, 24Bit, 96kHz wav-files

Number of files/sounds: 940
Quality: 96Khz /24bit, embedded BWF Metadata
Total Size: 823 MB

SoundBits “Screams & Shouts 2 - Monsters“ license agreement:

- All sounds included in this library are liable to the following conditions:
  1. You get a lifetime, non-transferable, worldwide license for synchronization rights
  2. All sounds can be used non-exclusively
  3. All sounds can be used in any musical, videogame-related or multimedia context
  4. There is no limitation in how often the sounds can be used
  5. All sounds can be used on **two workstations** at the same time. Both workstation have to be owned by the same person or business
  6. All sounds have to be saved on local harddrives (internal, external) and may not be stored on any web-based storages
  7. All sounds can be edited combined without limitations
  8. It is neither allowed to re-sale single sounds of this library nor to use these sounds for other sample-libraries or to create new sound FX with it that are sold as a self-sustaining work.
